**Chapter 1 The skin and skin disorders in  
Traditional Chinese Medicine 1**

Epidemiology of skin disorders 3  
Anatomy of the skin 4  
Physiology of the skin in Traditional Chinese  
Medicine 6  
Etiology of skin disorders in Traditional Chinese  
Medicine 9  
Pattern identification in the treatment of  
skin disorders 13

**Chapter 2 Main treatment methods for  
skin disorders 29**

Disease patterns and determination  
of treatment 31  
Internal treatment 32  
External treatment 44  
Acupuncture and moxibustion 56  
Other treatment methods 60  
Diet therapy 63

**Chapter 3 Eczema and dermatitis 67**

Basic patterns of eczema 70  
Papular eczema 85  
Infectious eczematoid dermatitis 88  
Contact dermatitis 93  
Irritant contact dermatitis 94  
Allergic contact dermatitis 95  
Atopic eczema 103  
Seborrheic eczema 113  
Nummular eczema (discoid eczema) 119  
Hand and foot eczema 121  
Pompholyx 125  
Recurrent focal palmar peeling  
(keratolysis exfoliativa) 128  
Asteatotic eczema 130  
Stasis eczema 131  
Lichen simplex chronicus (neurodermatitis) 134  
Diaper dermatitis (nappy rash) 142

Palpebral eczema 144  
Retroauricular eczema 147  
Nipple eczema 150  
Genital eczema 153  
Perianal eczema 158

**Chapter 4 Psoriasis and other papulosquamous  
disorders 167**

Psoriasis 169  
Palmoplantar pustulosis 191  
Acrodermatitis continua 196  
Erythroderma (exfoliative dermatitis) 199  
Pityriasis rosea 204  
Pityriasis alba 208  
Pityriasis rubra pilaris 210  
Parapsoriasis (chronic superficial dermatitis) 213  
Pityriasis lichenoides 215  
Lichen planus 218

**Chapter 5 Urticaria and related disorders 227**

Urticaria 229  
Cold urticaria 248  
Dermographism 250  
Angioedema 253

**Chapter 6 Sebaceous and sweat gland  
disorders 257**

Acne 259  
Rosacea 274  
Pyoderma faciale 280  
Perioral dermatitis 282  
Seborrhea 284  
Hyperhidrosis 287  
Bromhidrosis 294  
Chromhidrosis 296  
Miliaria rubra (prickly heat) 298  
Hidradenitis suppurativa 300

**Chapter 7 Erythema and blood vessel  
disorders 305**

Erythema multiforme 308  
Annular erythemas 313  
Toxic erythema 315  
Small vessel vasculitis 320  
Erythromelalgia 331

Raynaud's disease 334

Chronic venous ulcer of the lower leg 341

**Chapter 8 Bullous skin diseases 349**

Pemphigus 351

Bullous pemphigoid 360

Dermatitis herpetiformis 361

Subcorneal pustulosis 366

**Chapter 9 Viral infections of the skin 369**

Herpes simplex 371

Varicella (chickenpox) 375

Herpes zoster (shingles) 378

Warts (verrucae) 383

Common warts (verruca vulgaris) 383

Plane warts (verruca plana) 386

Plantar warts (verruca plantaris) 391

Measles 394

**Chapter 10 Bacterial infections of the skin 403**

Impetigo 405

Ecthyma 409

Folliculitis 414

Folliculitis decalvans 419

Sycosis barbae 421

Furuncles (boils) and carbuncles 423

Pyogenic paronychia (whitlow) 428

Erysipelas 430

Erythema induratum (Bazin's disease) 437

Erythrasma 442

**Chapter 11 Fungal infections of the skin 445**

Tinea capitis (ringworm of the scalp) 447

Tinea manuum (ringworm of the hands) 450

Tinea pedis (athlete's foot) 453

Tinea unguium (ringworm of the nail) 459

Tinea corporis (ringworm of the body) 461

Tinea cruris (jock itch) 463

Candidal balanitis 466

Pityriasis versicolor (tinea versicolor) 468

**Chapter 12 Pruritus and prurigo 471**

Pruritus 473

Vulval and scrotal pruritus 483

Nodular prurigo 488

Prurigo of pregnancy 492

**Chapter 13 Disorders of pigmentation 495**

Melasma (chloasma) 497

Melanosis 505

Vitiligo 510

**Chapter 14 Disorders of keratinization 521**

Ichthyosis vulgaris 523

Keratosis pilaris 528

Keratosis follicularis (Darier's disease) 529

Keratoderma of the palms and soles 532

Porokeratosis of Mibelli 533

**Chapter 15 Regional disorders 537**

Alopecia areata 539

Mucocutaneous diseases of the mouth 549

Cheilitis 549

Recurrent aphthous stomatitis (mouth ulcers) 554

Herpetic stomatitis 563

Oral candidiasis (thrush) 567

**Chapter 16 Drug eruptions 573**

**Chapter 17 Skin disorders due to physical agents 585**

Chilblains 587

Chapped and fissured hands and feet 591

Frostbite 592

Sunburn 597

Polymorphic light eruption 600

Phytophotodermatitis 604

Burns and scalds 609

Erythema ab igne 614

Radiodermatitis 616

Intertrigo 618

Corn (clavus) 620

Callus 623

Hangnail 625

**Chapter 18 Infestations and bites 627**

Insect bites and stings 629

Papular urticaria 633

Scabies 636

Pediculosis (lice infection) 640

**Chapter 19 Benign skin tumors 643**

Hemangioma 645

Nevus flammeus 649

Keloid 651

Lipoma 654

Benign melanocytic nevi (moles) 657

**Appendices 661**

1. Materia medica commonly used in the treatment of skin disorders 663
2. Less common materia medica used in the treatment of skin disorders 685
3. Acupuncture points commonly used in the treatment of skin disorders 697
4. TCM formulae and patent medicines used in the treatment of skin disorders 701
5. TCM external formulae used in the treatment of skin disorders 719

**Bibliography 741**

**Index 745**
